Provides guidance in choosing and purchasing used vehicles from 1990 to the present, recommends a variety of models, and includes information on recalls, price ranges, and specifications.

A guide to more than 300 makes and models of used vehicles, covering model descriptions, fuel economy estimates, recall and service histories, price guidelines, repair costs, and warranties.

This magazines is a specialist motoring magazine, we have always catered to the enthusiast in you and brought an unadulterated view of the world of motoring. Sharp, sassy, clean, wittier and edgier than ever before. Drive it home today!

With more than four hundred full-color photographs, this reference guide for new car buyers details all new domestic and imported models, including list prices, manufacturers' specs, evaluations, and categorical cost comparisons. Original.

This is the only book that completely lists accurate technical data for all cars imported into the U.S. market from 1946-2000. With many imports approaching the antique status, this book will be a big seller across all generations of car enthusiasts. From the grandiose European carriages of the late Forties to the hot, little Asian imports of the Nineties, every car to grace American roadways from across the Atlantic and Pacific is carefully referenced in this book. 
Foreign car devotees will appreciate the attention given to capturing precise data on Appearance and Equipment, Vehicle I.D. Numbers, Specification Charts, Engine Data, Chassis, Technical Data, Options and Historical Information. 
Collectors, restorers and car buffs will love this key book from noted automotive authors, James Flammang and Mike Covello.
