This is a long-awaited and needed book about the mutual relationship between moral theology and spirituality -- in the past, at the present time, and with hope for the future. It is a gentle and convincing book, both in its tone and in its arguments. It is in the best sense a scientific book and at the same time an existential text. It appeals to mind and heart. This is a most useful book for every Christian striving to become ever more a discerning person, aiming at integration of prayer and life. Books like this strengthen my unbroken optimism about the ongoing renewal of Christian ethics and Christian spirituality."" Bernhard Haering, Gars, Germany In 'Becoming Good, Becoming Holy', Mark O'Keefe makes a valuable contribution to our understanding of the Christian life in its wholeness and integrity. By connecting love and justice; prayer, discernment, and moral decision making; fundamental option and spiritual growth, he challenges unhelpful divisions between Christian ethics and spirituality. His vision of conversion and of the Christian life as a dynamic totality will appeal to a wide range of readers."" Elizabeth Dreyer, Washington Theological Union Clearly written and insightful, 'Becoming Good, Becoming Holy' is a convincing response to the Second Vatican Council's call to renew Catholic moral theology by centering it on our life in Christ. Best of all, O'Keefe underscores both the pivotal connection between Eucharist and morality, and the integral role of prayer and discernment in Christian moral decision making."" Paul Wadell, Catholic Theological Union Mark O'Keefe, OSB, is Associate Professor of Moral Theology at St. Meinrad School of Theology and a Benedictine monk at St. Meinrad Archabbey. He is the author of 'What Are They Saying About Social Sin?' and his articles have appeared in 'New Theology Review', 'Irish Theological Quarterly', 'New Blackfriars', 'Eglise et Theologie', and other theological journals.

Further developing key ideas from the highly acclaimed original book, these essays include guidelines for designing curriculum units based on the Parallel Curriculum Model.

Being an authentic artist or musician means more than just following the status quo in the arts world. There are too many examples of destroyed lives and relationships to assume you will not become disillusioned if not defeated as an artist. This book explores what it takes to grow in your skill development and presentation, as well as how to find lasting purpose and fulfillment as an artist. It also explores the purpose of art and music, how to be in it for the long haul and how to develop authentic relationships.

This book covers the narratives of three authors who have different educational backgrounds, academic experiences, and fields of study. It interrogates and discusses the topic of educational assessment in different education systems, which represent eastern and western cultures and political contexts. The book provides recommendations for developing teachers' assessment literacy in teacher education and professional development programs. It also serves as a springboard for futher inquiry into the subject.

The prodigal. The wanderer. The skeptic. The rebel. Each of us knows someone who has walked away from God, and it is heartbreaking and bewildering. We wonder how to reach out to them and bring them back, but often it seems impossible. Maybe you yourself are the one who has walked away and sees little reason to return to faith and the church. This book's invitation is this: Come home. It invites the departed to return and offers the promise of the gospel—that all wrongs and sins can be forgiven through Jesus. There is no expiration on the promise of forgiveness and the open arms of Christ, so no matter how long the wanderer has wandered, he or she is still welcome. All hurts can be healed, all brokenness mended. Just come home. Whether you are a family member or friend of the prodigal, or whether you are that person, this book offers hope and an open invitation to return the safety of forgiveness and restoration in Jesus.
