Dog First Aid, by the American Red Cross, is a color-coded guide and accompanying DVD that includes basic responsibilities like spaying and neutering to managing breathing and cardiac emergencies to preparing for disasters. The guide includes nearly 70 dog first aid topics and the DVD shows step-by-step how to perform the skills needed to administer care to a dog. Dog First Aid is a quick reference guide designed to help everyday people manage emergency situations on their own, with speed and confidence.

The first moments after an injury occurs are the most critical. This authoritative guidebook, based on course materials used by Red Cross chapters across the United States, shows you how to handle every type of first aid emergency.

This New American Red Cross CPR/AED for the Professional Rescuer Participant's Manual and course reflect changes based on the 2005 Consensus on Science for CPR and Emergency Cardiovascular Care (ECC) and the Guidelines 2005 for First Aid. Changes to this program and manual include simplifications to many of the CPR skill sequences, which helps improve retention. There have also been changes to help improve the quality of CPR. The integration of CPR skills into the operation of AEDs had changed to help improve survival from sudden cardiac arrest. Professional rescuers are now trained to use AEDs on adults and children. Information has been updated and added to this program to help professional rescuers administer epinephrine, aspirin and fixed-flow-rate oxygen. The skills learned in this course include adult, child and infant rescue breathing, conscious and unconscious choking, CPR, two-rescuer CPR and
