Your keypad is the most visible part of the SAMSUNG DCS Digital Communications System. No matter what model keypad you are using, with or without a display, telephone calls are handled in the same way. The LCD 12B and LCD 24B keypads have a few additional conveniences that are not available to STD 24B, Basic 12B and 7B keypad users.

This book contains instructions for special features that every telephone user may not need to know. The owner can decide who the system administrator will be and who will have access to these features. Station users can be trained on only the items that apply to them. This procedure will help control costs and telephone abuse.
