"The result of this process, for modern Western society, is a subtle metamorphosis of the notion of the devil, from fear of Satan into an internal evil, 'the demon within', characterized by a distrust of oneself and one's desires. It is this conception of the diabolical that is visible today in our interest in the supernatural, exorcism and, for example, in the role of the 'devilish good' in advertising."--BOOK JACKET.

"Czechoslovakia, 1935. Viktor Kosárek, a newly trained psychiatrist who studied under Carl Jung, arrives at the infamous Hrad Orlu Asylum for the Criminally Insane. The facility is located in a medieval mountaintop castle surrounded by forests, on a site that is well known for concealing dark secrets going back many centuries. The asylum houses six--the country's most treacherous killers. Viktor intends to use a new medical technique to prove that these patients share a common archetype of evil, a phenomenon he calls The Devil Aspect. Yet as he begins to learn the stunning secrets of these patients, he must face the unnerving possibility that these six may share a darker truth. Meanwhile, in Prague, fear grips the city as a phantom serial killer emerges in the dark alleys. Police investigator Lukas Smolak, desperate to locate the culprit, turns to Viktor and the doctors at Hrad Orlu for their expertise with the psychotic criminal mind. And Viktor finds himself wrapped up in a case more terrifying than he could have ever imagined."--Page 4 of cover.
